

COLLEGE BASEBALL CONNECT

**Connecting
Canadian Baseball Players
with
U.S. College Baseball Programs
and Scholarships**

www.collegebaseballconnect.ca

Our aim is to simplify the process of introducing young Canadian players to US colleges. We're here to help connect talented ballplayers looking to combine their love of

baseball and higher education with coaches looking for players with talent, heart and smarts.

Through professional player evaluations and individual videos, College Baseball Connect steps up to the plate to match the player with the college and the college with the player. And we don't strike out.
